WORK EXPERIENCE

Alpine F1

Enstone

Stores Operative

Jul 2025 - Present

- Communicate with multiple departments to ensure critical stock reaches race teams under tight deadlines.
- Maintain accurate stock traceability using Dynamics 365.
- Proactively resolve issues that could impact delivery timelines or operational performance.
- Designed a Python tool using photo recognition to speed up stock identification, improving efficiency and accuracy.
- Transferable to telesales: high-pressure communication, accuracy, accountability, working to tight performance expectations.

Self-Employed

Web Developer & Software Support (Remote, Self-Employed)

Sep 2024 - Present

- Work directly with clients to understand requirements, manage expectations, and deliver bespoke solutions.
- Explain technical concepts in simple, customer-friendly language.
- Build trust with clients through consistent follow-up and solution-focused communication.
- Automate workflows with Python to improve customer outcomes.
- Transferable to telesales: client conversations, value-based selling, remote working discipline, confidence on calls.

Origin Enterprises Plc

Cheltenham

Junior AX Developer

Jul 2024 - Sep 2024

- Modified Dynamics 365 F&O forms and data entities to support business processes.
- Deployed SSRS reports for internal stakeholders.
- Worked closely with users to clarify requirements and deliver improvements.

Somerset Council

Software Developer / Power Platform Developer

Mar 2020 - Apr 2024

- Delivered mission-critical systems used by internal and external professionals.
- Led development of secure B2B portals supporting frontline and social care services.
- Built Power Platform applications to improve visibility, tracking, and reporting across teams.
- Collaborated across departments, balancing multiple priorities and stakeholders.
- Transferable to telesales: stakeholder management, structured conversations, explaining benefits clearly, resilience.

Morrisons

Retail Assistant & Deli Team Member

Jan 2013 - Apr 2020

- Served customers in high-volume retail environments, maintaining excellent service standards.
- Promoted to self-checkout supervisor, supporting customers and resolving issues efficiently.
- Handled payments, enforced Challenge 25, and worked across departments including night shifts and deli.
- Highly relevant: face-to-face selling, customer rapport, upselling, handling objections, working to targets.
